

Dear Parents and Carers,

This term our PSHE lessons will be focusing on Growing Up and Keeping Safe. This will include elements of Sex and Relationships Education.

At Perrymount we want our young people to grow up healthy, safe and informed and be able to make positive life choices. Sex and Relationship Education supports young people in developing self-confidence and prepares them for the physical and emotional changes they will encounter as they grow into adults.

It will be taught in an age appropriate manner and be respectful and sensitive to our diverse community.

Detailed below are the curriculum outcomes for your child. Due to COVID 19 and subsequently the lockdown experienced in Spring/Summer 2020 Children in Y3 will need to cover the Y2 and Y3 curriculum as follows:

Relationships Education curriculum – Pupil Learning Outcomes (Y2)

- Recognise the main stage of the human lifecycle (baby, child, adult).
- Recognise that the process of growing takes time and describe the changes that happen as we grow from young to old.
- Identify ways in which we are more independent now than when we were younger.
- Describe our feelings about growing and changing.
- Describe gender similarities and differences between others and ourselves.
- Challenge simple stereotypes between boys and girls.
- Recognise and use the correct names for the main parts of the body.

Relationships Education – Pupil Learning Outcomes (Y3)

- About the importance of personal hygiene as we begin to grow.
- To respond to questions and advice about personal hygiene.

Relationships education is statutory requirement of the national curriculum however, if you do have any worries or questions you would like to discuss regarding the above content, please contact myself and I will be happy to discuss your concerns with you.

A copy of our Relationships Policy is available from the school office.

With Thanks

Nina Wilson
Deputy Headteacher
