Dear All,

Minibus Appeal – WE HAVE DONE IT!!!

I am delighted, excited and over the moon to tell you that we have achieved our target. Thank you so much to everyone who contributed to our campaign. Our Just Giving page will end tonight and as I said before I have been really humbled by the generosity of both friends and strangers.

A heart felt thank you to you all.

The next step is now a visit from the Royal Variety Club. I will keep you updated.

The raffle for the bottle of Bollinger champagne was won by Mrs Tofan. I am hoping that she is going to share it!

PE Library - A note from Mr Santamaria

This week at school, we are launching the PE Library, which aims to get children more active at home and to encourage more physical play with their parents/siblings. It also aims to improve the basic skills and physical literacy of children outside of PE lessons. Each week, two children from each class will be given a bag of equipment and an activity book to take home with them. The idea is that the children complete the activities at home with parents, siblings or by themselves, then bring the bag back the following week. Resources are limited so please take care of our equipment - thank you.

World Book Day

This was a great success. The children and staff looked amazing and we had a wonderful assembly where we sang the World Book Day song and held a quiz. All the children should have come home yesterday with their World Book Day voucher. Please make sure you take time to visit a bookshop and purchase one of the 10 World Book Day Books. I also know that W H Smith by Forest Hill Station holds a stock of these books too.

COVID

The new rules are as follows. If your child tests positive for COVID you should still keep them at home. From Day 5 you can start to test them again and once they have two negative tests they can come back to school. Whilst there are no more rules and regulations concerning COVID it is common sense that if your

child is ill, they stay at home. If other members of your household have COVID and your child has no symptoms they should come to school.

If you are unsure please ring the school and we will do our best to advise you.

Best wishes

Christine Keen

Headteacher.
